

CANADIAN TIMBER COLLECTION

Sauna & Wellness Catalogue

 **leisurecraft**
— BUILDING LUXURY —

Blending the spirit of Finnish sauna culture with the strength of Canadian craftsmanship since 2004.

As a family-owned company rooted in rustic tradition and driven by thoughtful innovation, we put care and intention into every product we build. From design to delivery, our goal is simple: to create high-quality, handcrafted leisure products that bring lasting comfort and connection. Proudly Canada's leading sauna and outdoor wellness manufacturer, we continue to grow, evolve, and inspire—one handcrafted piece at a time.

All of our products are meticulously handcrafted in Canada using Canadian wood sourced from sustainably managed forests. By working with local mills that prioritize environmental responsibility, we ensure every piece reflects not only our dedication to quality craftsmanship but also our ongoing commitment to sustainability and stewardship.

With love,

The Canadian Timber Collection is an economically priced selection of our most popular designs. Enjoy the same unique style and high quality, built with precision and shipped in easy-to-assemble kits.

All Leisurecraft saunas come with a 5 year warranty.

2-TIER BENCHES

Open concept white cedar benches along the back wall

DIMENSIONS

4 Person

w. 74.25" x d. 73.25" X h. 97.5"

BEFORE SAUNA TIPS

Hydrate Well

Drink water 15–30 minutes before entering.

Shower First

A warm rinse opens pores and keeps the sauna environment clean.

Remove Makeup & Lotions

Let your skin breathe naturally for a deeper detox effect.

Dress Light (or Not at All)

Use a towel or wear light clothing—natural fibers only. No shoes or jewelry.

Set Your Intention

Whether it's to relax, recover, or reflect, go in with a purpose to deepen the experience.

RELATION

Model: CTC2424W

PORCH

18" covered porch with parallel seating

EXTRA WIDE BENCHES

23" wide parallel white cedar benches for added comfort

EXTRA SPACE

Extended width and height for a spacious sauna experience

DIMENSIONS

4 Person

w. 98" x l. 96" x h. 88"

AFTER SAUNA TIPS

Cool Down Slowly

Step into fresh air, take a cool (or cold!) shower, or enjoy a cold plunge to reset circulation.

Rehydrate Again

Replace lost fluids with water or an electrolyte drink.

Rest for a Few Minutes

Let your body adjust—don't rush back into intense activity.

Moisturize Your Skin

Lock in hydration with a natural moisturizer after showering.

Appreciate the Reset

Take a moment to notice how your body and mind feel—calm, clear, and recharged.

WOOD-BURNING HEATERS

Soothing crackle and unmistakable
aroma of wood burning

TIMBERGLOW

Proudly manufactured in Canada and built to deliver lasting performance, exceptional heat retention, and classic wood-fired ambiance. Designed for sauna enthusiasts who appreciate traditional craftsmanship, the TimberGlow combines robust construction with efficient operation to create a truly authentic sauna experience.

SPECS & DIMENSIONS

Rock Capacity - 200 lbs

Firebox Material: 3/16" thick steel

Wood Length: Accepts logs up to 16"

Chimney Outlet: 4-1/2" diameter

Chimney: Can be routed upward, or sideways/backward with a chimney elbow

NARVI NC & KURU

Made in and imported from the land of Saunas: Finland. Modern looking Wood Burning Sauna heater is the most efficient in the market. Features a glass door, look no further for a traditional sauna experience. Stones included. Only 6" clearance to any combustible materials. Fire chamber roof is 10mm thick. The stove is very easy to start.

SPECS & DIMENSIONS

Rock Capacity - 44lbs

Firebox Material: 3/8" thick steel

Wood Length: Accepts logs up to 12"

Chimney Outlet: 4 5/8" diameter

Chimney: Can be routed out the top or out the side wall.

ELECTRIC HEATERS

Convenient and consistent heat with
at the touch of a button.

HARVIA KIP

The Harvia Kip Sauna Heater is a compact, wall-mounted unit with built-in controls, ideal for maximizing space without compromising performance. Designed and manufactured in Finland, this heater delivers an authentic sauna experience with its large stone capacity for gentle, even steam. The Kip features a sleek stainless steel exterior and efficient thermal design to keep the outer casing temperature lower during use.

SPECS & DIMENSIONS

w. 16" x d. 11" x h. 24"

Weight without Rocks 40lbs

Weight Capacity: 44lbs

Size Options 4.5kW, 6kW, and 8kW

Built-in controls with 1-hour timer and up to 8-hour delay start

Certification: UL/cUL Listed (USA & Canada, UL 875)

HEMOCRAFT SLIM

The Revive Slim Sauna Heater is a game-changer for those with limited space. Its sleek, tall and compact design allows it to seamlessly integrate into smaller sauna setups, making it the perfect choice for home use or small spa environments. Despite its smaller size, this heater packs a punch in terms of performance, delivering the same powerful and consistent heat that our customers have come to expect from the Revive Heater series.

SPECS & DIMENSIONS

w. 13" x d. 7.5" x h. 36"

Weight without Rocks 32lbs

Weight Capacity: 100lbs

Size Options 4kw and 6kw

Includes TKE2-2 digital wall mounted control

ETL, CSA, and UL certified.

HEMOCRAFT REVIVE

Canadian made, the free standing (not wall-mounted) heater has a 200lb rock capacity, giving the tower design a high steam capacity. Revive has a digital control that is easy to install and convenient to turn on and adjust the temperature. Stones included.

SPECS & DIMENSIONS

w. 14" x d. 14" x h. 36"

Weight without Rocks 40lbs (18.14kg)

Weight Capacity: 200lbs

Size Options 6kW, 7.5kW, 9kW

Includes TKE2-2 digital wall mounted control

ETL, CSA, and UL certified.

HEMOCRAFT APEX

The Canadian made Apex's advanced design focuses on maximizing heat efficiency while protecting the key components, especially the heating elements. Its carefully engineered structure directs heat effectively into the sauna's rock mass, creating a consistent and powerful L  yly for bathers. The result is an optimal sauna experience with even heat distribution throughout the room.

SPECS & DIMENSIONS

w. 18" x d. 18" x h. 36"

Weight without Rocks 52lbs

Weight Capacity: 310lbs

Size Options 10kW, 12kW, 15kW, and 18kW

Includes TKE2-2 digital wall mounted control

HUUM DROP

Includes a remote control. Huum is a trusted international brand, shipping premium products from Estonia. The Drop is wall-mounted to save space. Huum's volcanic olivine diabase rounded stones included. The Drop is compact but still carries 120lbs (55kg) of stones, which offers great steam. UKU wall mounted black remote included, with a built in door sensor that stops heating when the door is open for increased energy efficiency.

SPECS & DIMENSIONS

w. 16" x d. 13" x h. 24"

Weight without Rocks 26lbs

Weight Capacity: 121lbs

Size Options 4.5kW, 6kW, 7.5kW, 9kW

Remote or WiFi control options

HUUM MINI HIVE

The Mini Hive from Huum, a trusted international brand, includes a remote control and a flat floor. With a huge 300 lb (140kg) load for rocks and a 360° surface area, it provides even heat and steam distribution. Comes with Huum's volcanic olivine diabase rounded stones. UKU wall mounted black remote included, with a built in door sensor that stops heating when the door is open for increased energy efficiency.

SPECS & DIMENSIONS

w. 18" x d. 18" x h. 29.5"

Weight without Rocks 31 lbs

Weight Capacity: 330lbs

Size Options 6kW, 9kW, 10.5kW

Remote or WiFi control options
